

## Accessing Network File Shares with Windows

This will guide you through the setup of accessing network file shares such as magenta or eccentric.

1. Go to the Start Menu and select Run.
2. Type in \\ followed by the name of the server. Click OK. (See Figure Below)

3. You should be presented with a login box. Enter SGF\PrivateID OR PrivateID@SGF, and enter your network password and click Ok. (See Figure Below)
